617 North Third Street
LaSalle Building, Suite 10 - 36
Baton Rouge, Louisiana
70802

Dear Louisiana Board of Ethics

My name is Emmanuel Thomas Owuor and I am writing you this letter to seek an advisory opinion of the board pertaining to a potential contract between Munca Technologies Inc and the Parking and Transportation department of Louisiana State University.

The nature of the contract that is up for contention is that I am a former employee of Louisiana State University. I worked in the Flores MBA Program as a coordinator from September 10, 2018 – March 2019. I then worked in the LSU Parking and Transportation from November 18, 2019 – January 23 2019. I have been working on Munca Technologies Inc since my senior year of college (August 2017) and LSU Parking and Transportation only hired me because I worked on the mobile application, I was a former LSU student and the key decision makers enjoyed the product. During my short tenure I never worked on or designed the safe ride program, which is an open bid between Munca Technologies, Lyft Inc, and another party. Another important detail to consider is that the safe ride program isn't set to begin until August 2021 but the bidding process will begin by then. As a former resident of Louisiana and a former alumnus of the school I want to make sure that this is done right which is why I am seeking an advisory opinion. I spoke to an in house attorney and they believe that I should be in clear for the bidding process however, I want to double check and make sure as we have a unique opportunity to give back to the Louisiana economy.

Sincerely,

Emmanuel Owuor
Co – Founder of Munca Technologies Inc
